October 10, 2007

Dear ASHRAE Associate Society Alliance Representative:

This is to remind you that the AASA will meet in New York City on **Monday, January 21, 2008 from 4:15 PM – 6:15 PM**. The meeting will be held in **Murray Hill, Suite A/B (2)** of the New York Hilton Hotel. A Round Table Discussion based on information submitted by the Associate Societies (questionnaire) will be held in the same room beginning at **2:15 PM**.

An agenda for the meeting is attached. Please note, three attachments are included with the agenda: a table showing basic contact information for each of our Alliance members; a table incorporating current cooperative activities involving one or more of the Associate Societies; and minutes from the informal AASA meeting in Long Beach (June 2007).

**It is important that you submit updates for the tables to Vickie Grant ([vgrant@ashrae.org](mailto:vgrant@ashrae.org), Fax: 678-539-2156) of ASHRAE Member Services as soon as possible so that we will have current information available for our meeting.**

I look forward to seeing each of you in New York!

Best personal regards,

*Jerry*

Gerald C. Groff, Fellow, Life Member  
ASHRAE Associate Society Alliance Chair

cc: Kent Peterson, Society President  
Bill Harrison AASA Vice-Chairman  
Terry Townsend AASA Member  
Jeff Littleton, Society Executive Vice President  
Carolyn Kettering, Society Director Member Services

*American Society of Heating, Refrigerating and Air-Conditioning Engineers, Inc.*

## Minutes of the Informal Meeting of AASA June 25, 2007, Long Beach

### 1. Introduction and circulation of attendance sheet

Jerry Groff welcomes the participants (list – attachment 1)  
He welcomes the new president and the past presidents

### 2. Kent Peterson's speech (attachment 2)

### 3. ASHRAE AASA Co-operation

#### 3.1 How can ASHRAE work more successfully together with the AASA

ASHRAE has 50.000 members, AASA 250.000

Jerry Groff reports about the approval of the Global Strategies by the Board.

Changes have been made with respect to the input from the AASA at the last winter-meeting.

How can ASHRAE effectively make use of the AASA-Members world wide concerning the following topics:

- energy efficiency
- sustainability
- reduction of CO<sub>2</sub>-emission
- further ideas to share

Much work already has been done in Europe on energy conservation, green building and CO<sub>2</sub>-Emission.

#### 3.2 Co-operation with Clinton Climate Initiative CCI

List of the AASA members has been delivered to the CCI

Lee Burgett:

Close co-operation should be established with the CCI

Richard Rooley:

When ASHRAE officials with the CCI come to a city, they should invite the local AASA society or the members to join the meetings.

Jerry Groff:

ASHRAE has contact through the AASA members all around the world, why not make use of it.

It might be useful when a member of AASA could be involved in the CCI.

Kent Peterson:

Inform AASA members of the CCI. Please use the enclosed link:

<http://www.clintonfoundation.org/cf-pgm-cci-home.htm>

Invite a representative of CCI to one of the next official AASA-meetings.

Branco Todorovic:

Offers contacts to the local governmental authorities in Serbia.

### 4. Ongoing business

#### 4.1 How can we make our AASA meetings more effective

- how can the meeting schedule be improved
- how can the societies better work together

## ATTACHMENT C

Branco Todorovic:

Discussions are only between few of the participants. Some are coming for the first time and are not integrated and do not have access to the topics discussed in the past years. Thus they do not dare to take part in the discussion.

Proposal:

Every AASA delegate for the meeting shall prepare a short report and send it to ASHRAE. It could be delivered electronically with the invitation, thus giving information to all participants.

Topics could be developments on

- sustainability
- energy efficiency
- reduction of CO<sub>2</sub>-emission

Upcoming events like Meetings and Expos with date and place.

Jerry Groff:

- Time schedule should be revised
- Introduction should be shortened
- Questionnaire could be worked out with 5 – 6 questions
- Reports should be taken together and summary made
- Half day workshop on special topics

Marija Todorovic:

- Certification programs
- Invitation of RAL-students
- Questionnaire on integrated building structures

Peter Novak:

- Education programs very important (Canadian education program is free available)

### 4.2 Conclusion

Problem of time-schedule

Richard Rooley:

Sunday afternoon meeting of AASA and  
Monday meeting AASA with board members

### 4.3 MOBS

- More time should be for important topics
- Reports of member countries positive
- Student activities
- Education Program
- Certification
- Questionnaire for reports (Draft for review by Jerry Groff in co-operation with Kent Peterson and Jeff Littleton)
- Draft will be send to Marija and Branco Todorovic and Peter Novak for further input

## 5. New Business

- |     |  |                              |
|-----|--|------------------------------|
| 5.1 | Branco Todorovic will organise a Seminar<br>“Sustainable Buildings – Theoretical and realised performance”<br>Seminar shall be announced in the insights | B. Todorovic<br>Publications |
| 5.2 | Draft for questionnaire  | J. Groff                     |
| 5.4 | Review of time schedule  | J. Groff                     |
| 5.3 | Election of new Chairman for AASA<br>Establish nomination list and send to all AASA members for voting   | I. Reichert                  |

Meeting adjourned at 5.30 p.m.

Irene Reichert  
August 16, 2007
